

a new automobile or pickup or whatever it may be in May. It's going to take a year or two to phase into this program, Senator Bereuter.

SENATOR BEREUTER: Thank you very much for your comments, Senator Kremer. I've nothing further, Mr. President.

PRESIDENT: Senator Nichol.

SENATOR NICHOL: Senator Kremer, my complaints that I have been getting seem to be those who have more than three or five vehicles and they scatter them. If they're going to be scattered across the year, this would make an every month project for someone when they have, say, 200 vehicles.

SENATOR KREMER: Senator Nichol, you understand, if you have more than five, you can register them all at the same time.

SENATOR NICHOL: OK, that's what it does do.

SENATOR KREMER: Right, it protects those that have more than five, they don't have to come in at various times of the year. But they can come in at any time of the year that they choose, it's an option. I think Senator Mills can add something to that.

SENATOR NICHOL: That's fine, thank you.

PRESIDENT: Senator Kelly.

SENATOR KELLY: Mr. President, a question of Senator Kremer. Senator Kremer, you remember one of the problems we were having in this area that those who register their vehicles in the bulk have to do them on an annual basis, which causes all of those bulk registrations to happen in the month of January. We had talked in the committee that we would allow the bulk registration alright, but that we would allow it to be staggered out through the year, too. I haven't had a chance to get into this in detail, so I would ask you, have we changed that to where bulk registration could happen in any month of the year on an annual basis?

SENATOR KREMER: Senator Kelly, the only thing the committee changed was the number of three to five. That's all we did in committee.

SENATOR KELLY: Then, Senator Kremer, I'll look through here. There is a problem, very definitely, in this area that those industries or those companies or those people who have many vehicles to register. The way it works right now all of those bulk registrations have to happen in the month of January and I'll find in here where that is and bring an amendment to allow that bulk registration to happen in any month of the year.

SENATOR KREMER: Senator Kelly, you are aware that Senator Mills introduced this bill. I'm sure that he will address himself to that. I'm only commenting on the committee amendments at this time.

SENATOR KELLY: Right.

PRESIDENT: Senator Mills.
